Gobi, Smola Announce Workforce Training Fund Grant for Brimfield Precision

BOSTON – Senator Anne M. Gobi (D-Spencer) and Representative Todd M. Smola (R-Warren) have announced that Brimfield Precision has been awarded a \$46,002 grant through the Workforce Training Fund General Program. The funding will be used to train 79 workers.

“I congratulate Brimfield Precision for their continuing commitment to the workers and the region,” said Senator Gobi. “Through the years the name of the company has changed but the level of quality has not and I appreciate what they do for the economic viability of the region.”

“It is extremely important to invest in local companies that employ Massachusetts residents,” said Representative Smola. “I want to congratulate Brimfield Precision and their employees for securing this grant and for always looking for ways to improve.”

Founded in 1999, Brimfield Precision manufactures surgical and medical instruments out of Brimfield. They currently employ 95 full-time employees.

The Workforce Training Fund General Program is an initiative that helps address productivity and competitiveness by providing resources to invest in the Massachusetts workforce, improve employee skills, and maintain the economic strength and viability of the Commonwealth’s businesses. The Workforce Training Fund is funded by the Massachusetts employer community via contributions made to Unemployment Insurance and employers that pay into the Fund are eligible for grants.
