### **Gobi, Brewer and Smola Announce Education Grant for the Quaboag Regional School District**

**(BOSTON)**— Representative Anne M. Gobi (D-Spencer), Senator Stephen M. Brewer (D-Barre) and Representative Todd M. Smola (R-Warren) are happy to announce that the Quaboag Regional School District has been awarded \$20,000 through the Quality Enhancements in After-School and Out-of-School Time Grants.

The purpose of this competitive grant program is to support quality enhancements in out-of-school time programs and services to improve the academic, physical, social and emotional wellness of public and non-public school-age youth during the school year and summer months.

"I congratulate the Quaboag School district, its teachers and administrators for always looking at ways to enhance and improve educational opportunities for the students," commented Rep. Gobi.

"I am always impressed at the educational programs that are offered through Quaboag Regional School District," said Senator Brewer. "This grant will no doubt expand the District's offerings, while also helping countless children succeed academically."

"I am pleased to hear that the students at Quaboag will have to opportunity to further their education with the benefit of additional learning time," said Rep. Smola. "Congratulations to Superintendent Brett Kustigian and his team at Quaboag for their outstanding work in securing this important funding."

Applicants proposed to implement quality enhancements to existing programming, provide regional or statewide professional development for OST, or develop and pilot summer Science, Technology/Engineering, and Mathematics Service-Learning (STEM-SL) curricula.
